Commodities Approved:

Containerized, cut, or balled Christmas trees of Scotch, Austrian or red pine (*Pinus sylvestris, P. nigra, or P. resinosa* respectively) and grass sod, including containerized ornamental grasses.

The Oregon Department of Agriculture hereby approves the above named Nursery/Christmas tree grower to make transit shipments of regulated commodities through California onto other states. This approval does not preclude inspection and sampling or testing at the discretion of the California Department of Food and Agriculture, and rejection if required as a consequence of the findings of that inspection and/or test(s).

This approval and authorization is made subject to compliance with the following requirements.

The nursery/Christmas tree grower shall:

1. Ship all regulated commodities in a sealed container and agree that the entire shipment shall transit through California without the container being unsealed. Under no circumstances will the container be opened while in California except under the supervision of a plant quarantine official.

2. Agree to have a photocopy of this compliance agreement accompany each container covered under this agreement.

3. Require driver to mail California transit document issued at the California border station as instructed.

Noncompliance with the requirements stated herein may result in suspension or revocation of authorizations. Otherwise, this agreement shall remain in force until revoked by either the Oregon Department of Agriculture or by expiration (see below) and so long as the ownership and management of the nursery/Christmas tree plantation remains unchanged. Revisions may be made as necessary to include, delete, or modify requirements.
