Overview

The Board of Examiners of Licensed Dietitians protects public health, safety, and well being by regulating licensed dietetic practice or nutrition therapy. Licensure is voluntary. The Board prescribes sanctions for licensees who violate the Board's standards of conduct and professional responsibility. The Board has approximately 400 licensees.

Balanced Budget

The Governor's balanced budget is \$63,511 Other Funds. This is four percent higher than the 2001 03 Legislatively Approved Budget through the Fifth Special Session. The level of funding allows the Board to continue providing the current level of services.

Revenue

The Board is funded entirely with Other Funds, supported by license fees, renewal fees, license lists/labels, and late fees. The Board projects \$55,902 Other Fund revenues will be generated during the 2003-05 biennium. The Governor's balanced budget would leave the Board with \$31,341, or about 12 months, ending cash balance for 2003-05.
