

OEBB SPECIALTY MEDICATIONS

All specialty medications, including those listed below, require a prior authorization before they can be dispensed.

Prior authorization (PA) refers to the process by which an enrollee obtains approval from ODS prior to purchasing a specific drug. To begin a prior authorization on your specialty medication, please contact BioScrip pharmacy toll-free at 877-316-8921. Failure to obtain required service authorization will result in denial of benefits.

For a complete list of drugs that require authorization log into your myODS account at www.odscompanies.com (after your effective date of coverage) or contact ODS Pharmacy Customer Service at 503-265-2911, or toll-free at 866-923-0411.

Please note this list is updated occasionally and is subject to change.
