INDEX BY DEDUCTION CODES	21

FIELDS ON THE P070 DEDUCTIONS AND DEDUCTION ADJUSTMENTS SCREEN

Enter voluntary deductions on the P070 Deductions and Deduction Adjustments screen. Especially plan for the following fields:

ADJ

The adjustment codes provide information to OSPA on how to calculate the deduction. The values for this field include:

A -- This is a one-time, operator-calculated deduction. You must manually enter the amounts that apply to a specific deduction.

Blank – This is the screen default. It indicates the deduction is on-going. If the deduction code has amounts on the PTD2 Payroll Deduction Table, OSPA will look them up from the table and you do not need to enter amounts. If the PTD2 does not have amounts, you will need to enter them.

F – One-time deduction, operator calculated, to force the core PEBB premiums when an employee is on FMLA. Agencies may also choose to use this adjustment code when an employee:

- Is on OFLA,
- Receives donated hardship leave, and
- The donated leave covers the agency's insurance costs but does not give the employee 80 hours of paid leave.
- See Recommended Practices, Leave, Donated Hardship.

You will need to enter the amounts. Entries made with this code will print on the E315-009C Payroll Deduction Adjustment (F) report.

T -- This is a one-time deduction where OSPA will look up the amounts from the PTD2 Payroll Deduction Table. Primarily, we use this adjustment type to enter duplicate deductions to catch up on PEBB medical and/or dental premiums.

Use this ADJ only if your entry meets the following criteria:

- The late PEBB premiums are for one month
- You are making the entry in the applicable month and setting a corrective; or, the current pay period is in the same plan year as the month to be corrected
- The entry is for an insurance with a plan code

W – This is an on-going, operator-calculated entry to force the core PEBB premiums when an employee is absent because of a SAIF claim or military leave (USERRA). You must enter the amount(s). Entries made with this code will print on the E315-009B Payroll Deduction Adjustment (W) report. See Recommended Practice, Leave, Injured Worker, Handbooks, Military Leave of Absence and Handbooks, PEBB Benefits.

SHARE

The **SHARE** (or amount) fields include:

- **EMPLOYEE:**
 - **PCT GRS** = deduct this percent of the employee's gross pay for a deferred compensation (OSGP) deduction
 - **PCT NET** = deduct 100 percent of the employee's net pay for an electronic deposit
 - **SHARE FIXED AMOUNT** = a set dollar amount that the employee will pay
- **EMPLR SHARE** = the set amount the state will pay
- **PEBB ADMIN** = administrative fee and taxes paid to PEBB
- **VENDOR SHARE** = the amount OSPA will pay the vendor

Deduction Codes with Plan Codes

OSPS enters plan codes on the PTD2 Payroll Deduction Table when we know the specific costs and they will remain the same for a time. OSPS may also enter plan codes with no amounts to allow multiple deductions with the same deduction code. In addition, the AFSCME deductions have plan codes without amounts because OSPA calculates the amount from entries on the PTD1 Payroll Deduction Table.

If the deduction code has plan codes on the PTD2 Payroll Deduction Table with amounts, the fields match the fields on the P070:

- The PTD2 Empl Share = either the P070 EMPLOYEE SHARE FIXED AMOUNT (if the employee pays) or the EMPLR SHARE if the state pays
- PEBB Admin = PEBB ADMIN
- Vendor Share = VENDOR SHARE

If the PTD2 has values and ADJ on the P070 = blank or T:

- Do not enter values in the any of the SHARE fields. OSPA will look the amounts up from the PTD2.

If the PTD2 has values and ADJ ≠ blank or T:

- You will need to enter the amounts.
- Generally enter the EMPLOYEE SHARE FIXED AMOUNT and/or EMPLR SHARE and a VENDOR SHARE.
- **The amounts you enter must cross foot: EMPLOYEE SHARE FIXED AMOUNT + EMPLR SHARE = BOARD SHARE + VENDOR SHARE.**
- Exceptions for PEBB benefits include:
 - **Medical and Dental Insurance** – Enter EMPLOYEE or EMPLR SHARE, PEBB ADMIN, and VENDOR SHARE
 - **OONN 001 or 002, Opt Out** –You may only enter amounts in the EMPLR SHARE and PEBB ADMIN fields.
 - **SINN, PEBB Paid \$20,000 Pre-tax Basic Life Insurance** –You may only enter an amount in the VENDOR SHARE field.
 - **SLNN, Agency Paid \$5,000 Pre-tax Basic Life Insurance** – You may only enter amounts in the EMPLR SHARE and VENDOR SHARE fields.

Deduction Codes without Plan Codes

Only enter EMPLOYEE SHARE or EMPLR SHARE. You do not need to enter VENDOR SHARE or PEBB ADMIN.

FOOD BANKS¹

Vendor	Description	Ded Code	Plan Code	When Paid²	Non Txml³
Access Food Share	Jackson County	BK01			T
CAPECO Food Share	Gilliam, Morrow, Umatilla, Wheeler	BK02			T
