

Safe Driving...Don't Do This! Portland Streetcar Blocked

When parking your state vehicle, make sure the vehicle is within the boundary lines of the parking spot.

An incident occurred in Portland last month where a state vehicle parked over the line where the streetcar travels, delaying travel for approximately 40 minutes. The vehicle was ultimately towed to allow the streetcar to pass.

As a reminder, all towing fees are the responsibility of the driver.

Please, take caution when parking your state vehicle in any city, especially ones with mass-transit systems.
