- 2) 8-1/2" x 11" plus 1/2" bottom extension on 8-1/2" side
- 3) 5-1/2" x 8-1/2" plus 1/2" extension on 8-1/2" side

PAGES:

Can be printed one or two sides

STOCK:

90# or 110# white, manila or buff index
90# or 110# colored index
65# white or colored Premium Cover (Wausau Exact or equivalent).

All paper used in each order must be of uniform shade. Vendor is encouraged to bid recycled paper when available.

INK:

Black.

If the ink color ordered is other than black, vendor will match the Pantone number as indicated on the contract release order or specification sheet

COMPOSITION:

The contractor will be required to set type from furnished manuscript copy for the tab only. There will be up to three lines per tab. Required typefaces must include a sans serif and a bold face, roman style font. Samples may be provided on some orders, and the contractor will be required to match these typefaces. The contractor will only print two sides of the tabbed extension, unless option for body printing is selected. Absolutely no vendor advertising or trademarks!

NUMBER OF TABS PER SET: Approximately one to forty tabs per set. Twenty-five sets is minimum order.

PROOF:

The furnishing of proofs is waived if the vendor guarantees to print exactly as the camera-ready copy or sample that is provided. If an agency requests a proof, the proof may be faxed and an additional 3 working days will be granted for proofing time.

OTHER:

STATE TO FURNISH: To place an order, an Agency will provided Contractor with a Contract release order (sometimes referred to as "Purchase Order"), including all prices to be incurred, camera ready copy and/or copy of layout, and tabbed divider specification sheet.

DELIVERY: Delivery of an Order is to be made by Contractor within 10 working days from receipt of contract release order, camera ready copy and/or layout of copy, and tabbed divider specification sheet.

DIE CUTTING: Die cut from one to sixteen positions per bank. Round outside corners will require combinations of various position cuts.

REINFORCEMENT: Reinforcement on binding edge to be at least 3/4" wide, and run along the full length of the binding edge. The reinforcement material must adhere firmly to the sheet. Holes must not be outside the area of reinforcement. Both sides of tab are to be reinforced with clear or colored mylar at least 3/4" wide. The material is to be fused solidly to the tabs. Reinforcement colors may be mixed within sets, as per contract release order or specification sheet.

DRILLING:

Tabs are to be drilled with holes 1/4", 5/16", or 3/8" in diameter. The Contract release order and/or instruction sheet will usually required 3-hole punch, 4-1/4" center to center. Drilling is to be accurate so that tabs align when inserted into binders.

BINDING:

BINDING and COLLATING: Materials are to be gathered into sets in the order stated in the contract release order or specification sheet.

PACKAGING:

Vendor will pack suitable quantities per shipping containers (not to exceed 25 pounds gross weight). Tabs must be protected from damage during shipping. Vendor will label each carton as to contents, contract release order and quantity.
