## E-Government Portal Advisory Board will meet

Salem, Oregon—The Electronic Government Portal Advisory Board will meet at noon on Friday, November 18. The meeting will take place in the Diamond Lake Conference Room of the Oregon Department of Transportation, 4040 Fairview Ave. SE, Salem, Oregon. The meeting is open to the public.

The Legislature established the advisory board with enactment of ORS 182.126-132. The board will advise the Department of Administrative Services on key decisions and strategic choices about how DAS manages and operates the state's Web portal services.

The Oregon.gov portal is the connection point for citizens to access state agency services and information on the Internet. "Web portal services" means providing the hosting, content management, electronic commerce, public collaboration and application development needed to operate and maintain Oregon.gov and conduct electronic commerce transactions online.

With the board's advice, DAS wants to make the Oregon.gov portal and its operation as effective as it can be for citizens' interface with state government.

Interested persons may receive meeting notices and agendas by e-mail or conventional mail prior to the meeting. To receive a notice, call the office of Oregon's State Chief Information Officer at 503-378-3175.
