

Farm Direct Nutrition Program and WIC Fruit & Veggie Voucher Training Information

Are you a farmer who is new to the green Farm Direct checks?

Are you a farmer who is new to the blue WIC Fruit & Veggie vouchers?

If you answered **yes** to either question, you must complete an application with the Oregon Department of Agriculture (ODA), and you need training in order to be authorized!

Your green Farm Direct check training options are:

- ⇒ Face-to-face training with your market manager; or
- ⇒ Phone training with state WIC staff.

Your blue WIC Fruit & Veggie voucher training process is:

- ⇒ View a short video on your own and then participate in a conference call with a WIC trainer.
- ⇒ If you need training for both the green Farm Direct checks and the blue WIC Fruit & Veggie vouchers, this training could cover both.

Once your application has been processed by ODA, you will be contacted by the Oregon WIC Program to complete training.

For questions about farmer training please call the Oregon WIC Program at 1-877-807-0889 or email carrie.lafferty@state.or.us.

Remember: Do not accept any green checks or blue vouchers until you receive notification from the State that you are authorized.
